FICTIONAL CASE - NOT A REAL PATIENT
Case: dev-12 | Document: joint-review | Page: 1
Knee osteoarthritis review
Document date: 2025-08-04
Assessment today: right knee osteoarthritis.
Naproxen 250 mg twice daily was stopped on 2025-07-30 because of stomach discomfort.
Allergy review today: no known drug allergies. The stomach discomfort is recorded as an intolerance, not an allergy.
