FICTIONAL CASE - NOT A REAL PATIENT
Case: holdout-07 | Document: recovery-review | Page: 1
Respiratory recovery review
Document date: 2025-08-27
The patient reports no cough and no fever today.
Doxycycline is a completed treatment, not a current medication.
Recorded plan today: attend the previously arranged chest follow-up on 2025-09-10.
This note does not contain a repeat chest radiograph result.
